Community and School Health Pediatric Conference - Telephone Triage

Overview, Target Audience, and Learner Outcomes

Our nation continues to face increasingly complex issues that are impacting the health and well-being of children and families. It is essential that healthcare providers are aware of the latest research and evidence-based practice to provide optimal care. This conference will emphasize an integrated approach to care among family, community, and healthcare teams through case-based presentations, and thought-provoking discussions.

Target audience includes: Pediatric nurses, advanced practice providers, therapists, social workers, mental health counselors, care coordinators, case managers, child care providers, teachers and others assisting children and their families with healthcare needs in hospital, ambulatory, telephone triage, community health, public health, school, child care, and home settings.

At the end of this program, participants will be able to self-report expanded knowledge of complex healthcare issues impacting care providers, children, and families and available resources to support care of providers, children, and families.

Acknowledgments

We are grateful for the ongoing financial support from the William Randolph Hearst Endowed Fund for Perinatal and Pediatric Outreach Programs through Children's Hospital Colorado.

Continuing Education Credit

Registration, attendance, sign-in and submission of the online evaluation, including a written response to questions related to any changes in practice that you may make as a result of learning that took place at this activity, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.

Nursing

Children's Hospital Colorado is approved with distinction as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This offering for up to 13.75 nursing contact hours is provided by Children's Hospital Colorado (6/15: 7 hours; 6/16: 6.75 hours).

Other Care Providers

A general certificate of attendance will be available.

Financial Disclosures

Planners, faculty, and others in control of content (either individually or as a group) have no relevant financial relationships with ineligible companies.

Objectives

1. Recognize essential components of Colorado Nursing Rules and Regulations that apply to delegation of medication administration in schools and licensed childcare facilities.
2. Examine pediatric health challenges in community and school settings.
3. Describe the importance of classification on an Individual Education Plan (IEP).
4. Define gender diversity and discuss practical tools for working with transgender and gender-diverse youth.
5. Explain how mental health issues impact the younger child and options for support.
6. Discuss telephone triage skills for common calls from parents.
7. Examine case-based presentations and hands-on practice in the area of gastrostomy tube care, catheterization, and tracheostomy care in the school setting.
8. Discuss delegation process and planning care for students with tracheostomy and gastrostomy tubes in a school setting.
9. Demonstrate skills related to students with tracheostomies, gastrostomies, and catheters in a school setting.

Registration Fees

Enrollment Type	Both Days	One Day
In-Person	\$50	\$30
Virtual	\$50	\$30

**Virtual sessions end 6/16 at 12:00 PM. Total contact hours available 10.75 max.*

Cancellation Policy

No refunds will be granted for cancellation or non-attendance, although you may send a substitute. The Planning Committee reserves the right to alter the agenda or cancel the conference in the event of an unforeseen circumstance, or if the minimum registration is not attained by **June 8, 2023**, with a full refund to participants.

Agenda

Thursday, June 15, 2023
